COURSE SYNOPSIS:

This course will fulfill four important requirements all in one day!! All licensed dental professionals are required by the Dental Board of California to take an Infection Control Class and a California Dental Practice class biennially for licensure renewal. However, let us not forget that CAL-OSHA has annual training requirements for personnel who work in an environment that have a risk of occupational exposure to bloodborne pathogens and/or hazardous chemicals. CAL-OSHA requires all dental professionals to take an annual course in Bloodborne Pathogen training, plus an annual Hazard Communication Training program.
