2025 CA Labor Law and Employment Updates

Michelle R. Coker, PHR, PHRca

Practice Analyst, California Dental Association

Ms. Coker specializes in HR as a certified employment law expert. A former dental office manager, she has supported CDA members for the last 16.5 years and the last eight years as a Practice Analyst in the areas of employee management, employee policy development and wage and hour compliance.

Summary:

Each year, new employment laws are passed and court decisions interpreting employment laws change the employment landscape. Yet, each year employers dust off their employee handbooks and hand the same old policies to new employees without often considering whether the contents are still legally compliant. In this lecture we will review the most recent and significant laws and decisions affecting employers in 2023.

1. Identify which new laws apply to your practice.
2. Understand what employers need to do to comply.
3. Learn how to apply policies and best practices.
